

Ayush Parmar

Software Developer

 Portfolio |  Ayush parmar |  ayushparmar2105@gmail.com |  +917999303078

EXPERIENCE

* Rankivia technologies (Indore)

july 2025 – feb 2026

Associate Software Developer

Built and customized responsive web and mobile applications using React Native, React.js and WordPress focusing on modern design, performance optimization, and enhanced user experience to successfully meet client expectations.

* Yash computech solution pvt ltd (Indore)

jan 2025 – May 2025

React Native Developer

Designed and developed mobile applications using React Native with a focus on clean UI, responsive layouts, smooth navigation, and seamless API integration to enhance user experience.

* Crecer Entertainment Pvt Ltd (Indore)

Aug 2023 – Sept 2024

Software Developer

Developed and maintained a 3D model viewer website using React for the frontend and Node.js for the backend, enhancing user interactivity and visualization and generating embedded code for 3D models.

SKILLS

- **Frontend technologies:** HTML , CSS , JavaScript , React Native , React
- **Machine/Deep Learning:** Python , Scikit-learn , PyTorch , TensorFlow , Flask
- **AI/GenAI:** LLMs, LangChain, Prompt Engineering, NLP Basics
- **Other tools:** WordPress , Postman , Figma ,Git and Github
- **Soft skills:** Adaptability , Critical thinking , Problem solving

EDUCATION

2021 - 2024 Bachelor's in Computer Application Degree from Makhanlal Chaturvedi University

2020 - 2021 Class XII (Higher Secondary) at Kopal public higher secondary school , Bhopal (M.P.)

2018 - 2019 Class X (Secondary) at SAM public higher secondary school , Bhopal (M.P.)

PROJECTS

* Restaurant Booking Application

Developed a cross-platform restaurant booking application using React Native Expo and Firebase, allowing users to explore restaurants, view details, and book reservation slots seamlessly.

Implemented Firebase Authentication, real-time database integration, responsive UI design, navigation, and optimized user experience for smooth booking management.

* Swabhiman Pawan Nidhi Limited (Financial Management System)

Developed a comprehensive financial management platform for a Nidhi company with secure member management, savings, fixed deposits (FD), recurring deposits (RD), loan management, share capital, and branch operations.

Implemented role-based dashboards for Super Admin, Branch Manager, Accountant, Collection Agent, and Members with secure authentication, authorization, and audit logging.

* Hostel Management System

Developed a comprehensive Hostel Management System with secure student registration, room allocation, attendance tracking, fee management, complaint handling, visitor management, and role-based dashboards for administrators, wardens, and students.

* ASTROLOCK APPLICATION

Developed astrology application with API integration, enabling users to connect with astrologers for consultations and explore various astrology courses. The app offers in-depth learning on subjects like palmistry, Ayurveda, and numerology.

* AI Chatbot

Developed an AI-powered conversational chatbot using LangChain, leveraging large language models to deliver context-aware, accurate, and scalable responses.

Optimized response generation pipeline to reduce latency and improve accuracy in real-time conversational interactions.

* Movies Recommendation System

Developed a movie recommendation system using machine learning algorithms to suggest personalized content based on user input.

Performed data preprocessing, including text cleaning and feature extraction using libraries like Pandas and NumPy.

CERTIFICATION

AI/ML development certification course

From Apna college

Python web development certification course

From Cybrom technology Pvt. Ltd. Bhopal (M.P.)
